

ECONOMIC PERFORMANCE OF PISTACHIO INDUSTRY IN IRAN

Author:

Reza Sedaghat, Ph.D.,

Faculty Member on, Agricultural Economics and Development

Iran's Pistachio Research Institute

CHAPTER I. INTRODUCTION

- 1.1. Introduction
- 1.2. Iran's Economy in brief
- 1.3. The Iran's agricultural sector
- 1.4. Natural resources for agriculture: a high potential
- 1.5. Climate and water resources
- 1.6. Global Tree Nut Exports
- 1.7. Global Pistachio Production and trade
- 1.8. Specific objectives of the study
- 1.9. Hypotheses
- 1.10. Scope of the study
- 1.11. Limitation of the study

CHAPTER II. REVIEW OF LITERATURE

- 2.1. Costs - returns structure and economic viability of production and processing
- 2.2. Marketing costs, margins, price spread and marketing efficiency
- 2.3. Growth performance of production and trade
- 2.4. Export competitiveness, Trade direction and market integration
- 2.5. Constraints in production and marketing

CHAPTER III. METHODOLOGY

- 3.1. Description of the study area

3.2. Data sources and sampling design

3.3. Method of data collection

3.4. Analytical tools and techniques

CHAPTER IV. RESULTS

4.1 General characteristics of the selected farms/ farmers

4.2 Costs and returns structure for major varieties of Pistachio

4.3 Economics of major varieties of Pistachio

4.4 Costs and returns structure for different processing plants

4.5 Economics of Pistachio processing plants

4.6 Marketing channels, margin, cost and efficiency

4.7 Growth rate analysis for different indicators of Pistachio

4.8 Direction of changes in Pistachio exports from Iran

4.9 Export competitiveness of Iranian Pistachio in Global market

4.10 Market integration of Pistachio prices

4.11 Problems associated with Pistachio production, processing, marketing and export

CHAPTER V. DISCUSSION

5.1 General characteristics of the selected farms/ farmers

5.2 Costs and returns structure for major varieties of Pistachio

5.3 Economics of major varieties of Pistachio

5.4 Costs and returns structure for different processing plants

5.5 Economics of Pistachio processing plants

5.6 Marketing channels, margin, cost and efficiency

5.7 Growth rate analysis for different indicators of Pistachio

5.8 Direction of changes in Pistachio exports from Iran

5.9 Export competitiveness of Iranian Pistachio in Global market

5.10 Market integration of Pistachio prices

5.11 Problems associated with Pistachio production, processing, marketing and export

CHAPTER VI. SUMMARY AND POLICY IMPLICATIONS

6.1 Objectives of Investigation

6.2 Data sources and sampling design

6.3 Major finding of the study

6.4 Policy Implications

CHAPTER VII. REFERENCES
